**Date of Birth** 04.09.1991

**Place of Birth** Erzurum

**Marital Status** Single

**Military Service** Exempted

## My Objective

---

Working in Information Technologies, Data Science, Artificial Intelligence or its subfields and performing theoretical skills which are gained from university.

## Work Experience

---

**March 2015-April 2016**

Assistant Student  
Istanbul Technical University IT Head Office

I worked on project which aims to change structure of Istanbul Technical University mail service. In this project, I studied with Laravel PHP Framework. I learned essential points of OOP and PHP language with project.

**July 2016-August 2016**

Internship  
Arçelik A.Ş  
Research and Development

In Arçelik A.Ş Electronic Management, I tried to code an interface program which aims to change color of television font. I worked with Qt Framework and C++ programming language. This working provides that reinforce my knowledge about OOP and learn C++ programming language.

## Education

---

**September 2012 - June 2017**

Istanbul Technical University  
Science Faculty,  
Mathematics Engineering  
3.03/4.00

**February 2018**

Istanbul Technical University  
Science Faculty,  
Master of Mathematics  
Engineering

## Project

---

**March 2017 – June 2017**

Mathematics Engineering Bachelor Thesis  
Face Analysis with Image Processing

In thesis project, a computer program was coded using Machine Learning methods with Python programming language. Face data was imported from dataset and accuracy values were computed comparing true data with predicted data. Principal Component Analysis (PCA) algorithm and Anaconda framework was used in software.

## Foreign Languages

---

English

Reading:	Advanced,
Writing:	Advanced,
Speaking:	Intermediate
IELTS:	5.5 (March 2017)

German

Reading: Intermediate,

Writing: Elementary,

Speaking: Beginner

French

Reading: Beginner,

Writing: Beginner,

Speaking: Beginner

## Technical Skills

---

### Programming Languages

Python : Upper Intermediate

C : Intermediate

Java : Intermediate

HTML/CSS : Intermediate

PHP : Intermediate

Javascript : Intermediate

MySQL : Lower Intermediate

### Discipline

#### Artificial Intelligence

Image Processing : Intermediate

Machine Learning : Intermediate

Natural Language Processing : Lower  
Intermediate

## Other Skills

---

### Interests

Etymology

European History

History of Religions

### Hobbies

Bike

Swimming
